PROSPECTS ARE NOT HOPELESS

THERE IS STILL A CHANCE FOR PEACE

Roosevelt Has Failed Twice but Keeps up the Fight—Russians Oppose Japanese Compromise Proposition.

Portsmouth, N. H., Aug. 24.—Up to 11 o'clock to night six cablegrams had been received by White from St. Petersburg. All came from Lamsdorff and all were opposed to the Japanese compromise proposition as presented at yesterday's meeting. However, it is stated that possibly the cablegrams announce that direct negotiations are now in progress between Emperor Nicholas and President Roosevelt.

The prospect of peace seems desperate, but not hopeless despite the prevailing pessimism. There is still a chance and the forces working for peace are continuing their labors. The president failed twice, but he is fighting on. The result of Ambassador Meyer's audience at Peterhof yesterday was unsatisfactory, but at least it was not a rebuff. It left the door open and within a few hours after the receipt at Oyser Bay of Meyer's account of his audience the president had sent a new appeal through White, who received it from Peter about 3 o'clock this morning. The emperor had already in effect declined the proposed compromise offered by Japan. He had refused it because under a disguise Japan offered to withdraw the article asking remuneration of the cost of the war on condition that Russia repurchase the northern part of Sakhalin at a fixed price of 1,200,000,000 yen. Every message received from Peterhof, including those that came early to day, was flexible upon that point. Had Japan not inserted the sum, had that been left for future adjustment, the proposition would undoubtedly have proved more palatable, and the Associated Press is in a position to state that the divergence in the promise as suggested by Japan at the conference which was mentioned in these dispatches last night touched this very point. The president did not suggest any price or fixing of a price, and it is believed, although this cannot be affirmed, that his latest effort was to secure the consent of the emperor to accept the Japanese proposition with the amount subject to future adjustment.

Japan, it is believed, would make the further concessions suggested if Emperor Nicholas would commit himself to this solution. This statement is based upon the words of the Japanese authority most competent to speak. When asked if it was correct as reported that the Japanese had said their last word and that all hope was over, he replied: "No, we have not declared that our proposition of Wednesday was our irrevocable minimum. We are not assuming a threatening attitude. That is not the way to make peace."

But the plenipotentiaries themselves are no longer in control on either side. The negotiations have passed from their hands to their principals at Peterhof and Tokyo.

Most persistently the report continues to be circulated here that Emperor William has been one of the main obstacles to peace and that while ostensibly in sympathy with the president's efforts he is advising Emperor Nicholas not to yield. Foundation for this belief is a fact, which appears fully confirmed, that White's instructions were made more imperative and intransigent upon the question of indemnity and cession of territory after the Kaiser's interview with the emperor in the Gulf of Finland. Beyond this no evidence is offered.

It is significant that White made it a point to night to express his disbelief in the report from St. Petersburg, which caused considerable consternation here. That Count Lamsdorff had authorized Reuter's agent to declare that Russia under no circumstances would pay contribution either direct or indirect or make cession of territory whatever, White said he could not imagine that Lamsdorff could have authorized such a statement without informing him.

CAN GO NO FURTHER

President Awaiting Developments in Peace Negotiations

Oyster Bay, N. Y., Aug. 24.—President Roosevelt is awaiting developments in the pending negotiations for peace. Beyond his direct appeal to Emperor Nicholas he does not feel he can go further at this time. There are reasons for the statement the president also has made representations to the Tokyo government, but whether they were made direct to the Japanese emperor is not known.

CRISIS APPROACHING

Oyster Bay, N. Y., Aug. 24.—A crisis in peace negotiations is approaching rapidly. Whether there is to be peace between Russia and Japan or a continuance of war will be determined very likely within a few days.

Since he made his direct appeal to Emperor Nicholas President Roosevelt has

been awaiting developments, hopeful that such efforts as he has felt proper to make to avert failure of the Washington conference might not be futile. To day these developments began to appear. A report from Ambassador Meyer at St. Petersburg of his audience with Nicholas yesterday was received and in addition some important advices from Portsmouth reached the president. They were regarded as so urgent that as soon as they were received in the executive offices in the village they were carried to Sagamore Hill by a trusted executive clerk.

The utmost secrecy is maintained regarding the communications and not the slightest intimation of the nature of their contents is being permitted to become public.

It is quite certain now in addition to making a direct appeal to the Russian emperor to take such measures as may bring the pending negotiations to a successful issue President Roosevelt has communicated with the Japanese government along similar lines.

STILL HOPE
St. Petersburg, Aug. 24.—Foreign Minister Lamsdorff went to Peterhof last night and discussed with the emperor the communication from President Roosevelt presented by Ambassador Meyer yesterday. The minister on returning told a friend he considered there was still hope for peace.

BAR ASSOCIATION

Address on 'The American Lawyer' the Feature of Yesterday's Session.

Narragansett Pier, R. I., Aug. 24.—An address entitled "The American Lawyer," delivered to day by Alfred Hemenway, of Boston, in which the speaker touched upon many topics of interest to the legal profession, was the feature of the second day's session of the American Bar association.

The recommendation of the committee on commercial law that the association oppose the repeal by congress of the present bankruptcy law was adopted. The minority report urged the adoption of a resolution which proposed two specific remedies for unlawful conditions which may threaten commerce, one being the extension of the equity jurisdiction of the Sherman anti-trust law, the other taxation of corporations at an increasing rate in proportion to capital added.

The address by Richard L. Hand, of Elizabethtown, N. Y., on "Government by the People," opened the evening meeting and was followed by general discussion. A reception to representatives, special and standing committees closed the session.

SENSATIONAL STORY

Honolulu, Aug. 24.—The tragic death of Mrs. Leland Stanford has been recalled by a sensational story published here to the effect representatives of the Stanford estate practically offered monetary inducements to local physicians to change their opinion that strychnine caused the death of Mrs. Stanford.

San Francisco, Aug. 24.—Referring to the cable dispatch from Honolulu which intimated that efforts have been made to induce the autopsy surgeon and physicians who attended Mrs. Leland Stanford at the time of her death to modify their first statements regarding poisoning, Attorney Wilson, representing the Stanford estate, and Detective Calandani deny there was any such attempt.

THE Y. W. C. A.

Address on Industrial Conditions of Women by Dr. Anna Maclean.

Williams Bay, Wis., Aug. 24.—Dr. Anna Maclean of the University of Chicago to day addressed the Young Women's Christian association conference on the present industrial conditions of women in the United States. Various cities reported activities in factories. Rockford, Ill., has regular Bible classes in factories. Milwaukee was the first city in the country to call a secretary to work wholly among young women in manufacturing institutions. This work has since been taken up in Chicago, Omaha, Des Moines, Sioux City, Grand Rapids, Rockford, Cedar Rapids and many other cities.

PEASANTS CAUSING TROUBLE

Odesa, Aug. 24.—Fresh agrarian disorders have broken out in Elliasbegrad and Alexandria districts. Peasants are destroying property of land owners.

During a fair in the village of Lihovia, district of Wernedneprovsk, a crowd of peasants attacked the merchants. After pillaging their goods the peasants massacred a number of the merchants and mutilated others, pricking out their eyes and cutting off their ears. Cossacks arrived too late to save the village, which was completely devastated.

MURDER MYSTERY

Chicago, Aug. 24.—William Bracey, the negro waiter who was seen following Mrs. Elizabeth F. Mize shortly before she was killed by a robber Tuesday night, was released to day. Inspector Hunt declares he is satisfied Bracey is innocent. The mystery of the crime is now more dense than heretofore.

NO INDEMNITY IN ANY FORM

RUSSIA STANDS FIRM ON MONETARY QUESTION

Emperor Determined to Continue the War Rather Than Yield to Japan's Demands—Public Accepts Decision.

St. Petersburg, Aug. 24.—Latest developments clearly indicate that the Associated Press dispatches declaring that Russia will never consent to payment of an indemnity in any form represent Russia's last word with reference to the principle of monetary compensation and the expenses of the war.

The authoritative statement made to the Associated Press at Portsmouth, which is in the same tenor, was followed last evening by a declaration from the official spokesman of the foreign office, which was made almost with the force of a formal communique, that under no circumstances and no disguises would the principle of indemnity be admitted, and this decision is accepted by the Russian public as final.

The emperor's inflexible determination to continue the war rather than yield to a demand which is regarded as warrantable only in case of a vanquished nation is strengthened by dispatches from Linavitch, in which he reports strength of the Russian position and speaks favorably of the spirit and condition of his latest reinforcements and morale of the entire army. Reinforcements for the front are reported as steadily arriving.

A competent military attaché of an European power who is acquainted thoroughly with the defensive facilities at Vladivostok has informed the Associated Press that the Japanese will find that to press harder to crack than Port Arthur if they decide to break off negotiations. This authority declares that the Japanese fleet will not be able to cooperate with the attacking army except in the way of an ineffective bombardment of the sea front, as mine fields and heavy artillery make it out of the question for big ships to run by the fortresses and get in touch with besiegers on the mainland.

London, Aug. 24.—The Portsmouth correspondent of the Post still insists peace will be concluded and declares Russia is willing to pay \$50,000,000.

REPORT FROM LINEVITCH
St. Petersburg, Aug. 24.—The emperor received the following from Linevitch, dated the 22nd:

"The advanced Russian detachments Aug. 20 drove back the Japanese from three positions. One detachment in Tzineh valley occupied Lagotzsee, another operated in the direction of Schlindadzy and a third dislodged the Japanese from a position southward of Mopeyschan. The three Russian columns drove the Japanese back to their position near Zenzian."

Linevitch also reports repulse of a detachment of Japanese which was advancing on Kiao-jorou-jou in Corea.

DEATHS

Chicago, Aug. 24.—Miss Jane Young, of Clinton, Iowa, daughter of one of the prominent and wealthy families of Iowa, died at the Auditorium hotel of day. Miss Young had been in poor health several months. Her mother, three brothers, Edward, Willis and C. H. Young, prominent business men of Clinton, and sister, Mrs. C. T. Hancock, of Dubuque, Iowa, were present at her bedside when she died. The body was taken to Clinton and burial will take place Saturday. Miss Young's father, who has been dead twenty years, at one time was a prominent lumberman at Clinton.

LOST MONEY PLAYING RACES

New York, Aug. 24.—Charged with the forgery of checks amounting to \$40,000 against the estate of the late millionaire, D. P. Morgan, James Hennessey, cashier of the estate, was arrested to day after being indicted by the grand jury. Hennessey is alleged to have lost the money playing horse races.

FOOTBALL COACH

Des Moines, Aug. 24.—Announcement was made to day that Martin J. Bergen, the famous Princeton football player and coach, would have charge of the football team of Iowa college at Grinnell this fall.

POWDER EXPLOSION

Bakersfield, Cal., Aug. 24.—By explosion of giant powder at Paris, fifty-one miles from Bakersfield, to day Mrs. A. W. MacRae, wife of a prominent mining man, her son George and Oscar Douglas, another mine owner, were instantly killed. Mr. MacRae was probably fatally injured. Three other men were badly hurt by the explosion.

CASE OF CRAMPS

Cairo, Ill., Aug. 24.—Secretary Egan of the state board of health investigated the Brownsville case to day and found the alleged fever victim had only a severe case of cramps and was at work again to day.

NOMINATED FOR CONGRESS

Rock Island, Aug. 24.—James McKinney, of Albia, to day was nominated for congress to succeed R. P. Marsh, deceased by Republicans.

MRS. JOY'S PROJECT

Begins Movement in Los Angeles for \$1,000,000 Temple of Science—School to Be Devoted to Study of Philosophy.

Los Angeles, Cal., Aug. 24.—Mrs. Elizabeth Joy, wife of ex-Congressman Charles F. Joy, of St. Louis, has begun a movement in Los Angeles for the establishment of a school of philosophy, the institution to be located in a temple of science to cost \$1,000,000. The school will be devoted to the study of philosophy, ethics and physiology, and its mission will be to prove that, in nature, there are no contradictions and that, at the base of all warring factions of materialism and spiritualism, faith and idealism and monism, sensationalism and institutionalism, there is but one fundamental and universal principle which unites them all and absolutely accords with science.

Efforts will be made to wrest philosophy from mere speculation and bring it into harmony with acknowledged deductions of physical sciences. The site of the university will be in Los Angeles, unless other locations respond more readily and offer greater inducements than have been received from Los Angeles. It will be erected in the style of the old Acropolis at Athens. Dr. Henry Frank, of Los Angeles, recently conferred with Mrs. Joy, and the result of the conference was the materialization of plans proposed by Mrs. Joy since she first heard Dr. Frank lecture at the Carnegie Lyceum in New York five years ago.

The many friends and relatives of Mrs. Joy in this county will be much interested in the development of the school.

MAYOR DUNNE

Delivers Address on Municipal Ownership Before League

Toledo, Ohio, Aug. 24.—Municipal ownership of public utilities was the question which aroused earnest discussion at to day's session of the League of American Municipalities. Mayor Dunne of Chicago spoke in defense of municipal ownership. He expressed himself as being firm in the belief the people of Chicago, along with citizens of other cities, would own and control public utilities.

Mayor Woodward of Atlanta replied to Dunne, holding that private ownership of utilities properly controlled is of greater public benefit than owned by municipalities.

Many others who discussed the subject were certainly in favor of municipal ownership as an ideal, but seemed to regard it as the last resort when a municipality was being driven by hopelessness of securing fair terms and honest fulfillment of obligations from public service corporations.

GIVEN MORE TIME

The Execution of Johann Hoch Postponed.

Springfield, Aug. 24.—On an order from Judge Magruder, of Chicago, the clerk of the supreme court issued to day a writ of supersedeas in the case of Johann Hoch, convicted of murdering his wife and to be hung to morrow. Review of the Hoch case will come up at the October term of the supreme court.

IRRIGATION CONGRESS

Portland, Ore., Aug. 24.—The National Irrigation congress elected Gov. George Pardee of California president and H. B. Maxon of Nevada secretary. William E. Courtois, of the Chicago Record-Herald, made an address on "Irrigation in India," describing the irrigation projects instituted by the British government. A letter to the congress from J. J. Hill, president of the Great Northern railway, was read. It was in line with the objects of the irrigation congress and importance of irrigation projects.

LABOR DAY PROCLAMATION

Springfield, Aug. 24.—Governor Denen this evening issued a proclamation designating Sept. 4 as Labor day and calling upon the people of Illinois to desist from their ordinary occupations and to celebrate the day in an appropriate manner.

WANTED IN ILLINOIS

Boston, Aug. 24.—Will H. Tollefson, released from Concord reformatory to day, was rearrested here for the police of Grand Haven, Mich., on a charge of passing worthless checks. According to the police Tollefson is wanted also by the authorities at Galesburg, Ill.

PODY FOUND IN RIVER

New York, Aug. 24.—A body, later identified as that of Herbert L. Johnson, was found in the North river to day. There was a small puncture over the right ear. Johnson's home was at Elgin, Ill., where his father is employed in a watch factory.

FIRE LOSSES

New York, Aug. 24.—Fire in the plant of the Bush Terminal Warehouse company to night caused a loss of half a million. Several thousand bales of cotton burned. The fire was caused by lightning.

FRIGHTFUL EXPERIENCES

WOMEN AND CHILDREN LOST IN SWAMP

Found by Searching Party After Spending Day and Night in Swampy Forest of Michigan—All Now Safe.

Escanaba, Mich., Aug. 24.—Huddled together within an open and dry spot but a few feet square in the immense blueberry swamps north of this city, a searching party to day found six half-starved, half-crazed women and children, all prominent here, who had been wandering about since early Wednesday morning. Now all are safe in their homes in this city, but it will be weeks before they fully recover from one of the most frightful experiences that can befall human beings.

Those in the party were: Mrs. J. A. Fisher, wife of Bernard Fisher, chief engineer of the Northwestern road; Mrs. B. J. Snow, wife of a Northwestern railway engineer; Arthur Snow, aged 12; Beaul Snow, 8; Miss Evelyn Doyle, 10; a child of Mrs. Fisher, 7.

The party was camping near Swaney and while searching for blueberries left camp and struck out into the forest. After what seemed hours in the thick, small bushes, with clothes torn and limbs and faces bleeding, they turned to go back. Then they realized that they were lost. They shouted until their voices failed. They walked on, falling and sinking and several times barely escaped drowning. At nightfall they huddled together and the children cried themselves to sleep. No signs of help came and the party gave themselves up for lost. A special train with two hundred searchers found the sufferers to day four miles from camp, headed into "No Man's Land," from whence no one has ever returned.

TENNIS TOURNAMENT

Matches Were Closely Contested and Replete With Brilliant Playing.

Omaha, Aug. 24.—The matches in the semi-final rounds of the tennis tournament were closely contested and replete with brilliant playing. W. P. Hayes, of Toledo, Iowa, was pitted against A. G. Snow, of Chicago. Hayes won.

C. S. Peters, of Chicago, entered in the semi-finals with W. S. Gillman, champion of Sioux City, the former winning the match, which required four sets to decide. Hayes and Peters will play finals probably Saturday.

Much interest also was centered in the doubles, which were characterized by a number of closely contested matches. Doubles, second round: Fletcher and Sanderson beat Diers and Weitzel; Raymond and Raymond beat Hill and Sunderland; Blatherwick and Hayes beat Collett and Martin.

Third round: Sanderson and Fletcher beat Raymond and Raymond; Caldwell and Young beat Potter and Dufrene.

TWO LIVES LOST

Fort Dodge, Iowa, Aug. 24.—Pauline and Ida Matzner met death while picnicking near Humboldt to day. Pauline fell into the Des Moines river and was drowned. Charles Nelson recovered the body and was trying to climb ashore with it, when Ida Matzner, trying to assist, lost her balance and fell, striking her head on a rock, and was instantly killed.

ACCEPTS RESIGNATION

St. Petersburg, Aug. 24.—The emperor has accepted the resignation of M. Boughigh, minister of the interior. Count Alexis Ignatieff, a member of the council of the empire and ex-governor general of Kieff, it is thought, will probably succeed him, although General Trepoif is mentioned as a possibility.

MEN WERE WARNED

Albany, N. Y., Aug. 24.—The coroner's examination of workmen who were digging the cellar under Myers' department store at the time of its collapse recently has shown the men were warned of the approaching disaster for nearly an hour before the structure fell and crushed the life out of thirteen persons.

STORMS IN WISCONSIN

LaCrosse, Wis., Aug. 24.—As the result of another disastrous storm to the north and west of here to day, railroad traffic on the Burlington and Milwaukee roads is again badly demoralized. Trains are running several hours behind schedules, wrecks, each of which did immense damage to railroad property and traffic.

AUTOMOBILE ACCIDENT

New York, Aug. 24.—Two men and two women, occupants of an automobile, were to day in a collision with a trolley in Brooklyn. It is thought both women and one of the men will die. The injured are Miss Emma Judge, Miss Agnes Rice, Otto Novis and Frank Brown, owner of the motor car.

UNLAWFUL BUSINESS

Secretary of "Get Rich Quick" Concern Arrested at Council Bluffs, Iowa.

Council Bluffs, Iowa, Aug. 24.—Alexander Buchanan, secretary of an alleged "get-rich-quick" concern known as the Northwestern Trust company, was arrested here to day on a charge of conducting an unlawful business. The office of the company was closed by the sheriff, who seized the records. The stockholders ask for a receiver. The victims, several hundred in number, live all over Iowa, Nebraska and South Dakota, as well as in other states. The president of the concern is Peter B. Jacobs, a farmer living near South Omaha. The company is not incorporated and no other persons than these two are known to be associated with it.

RIFLE TOURNAMENT

Sea Girt, N. J., Aug. 24.—The military rifle tournament began to day with a record breaking attendance. Only twelve of the 67 competitors in the national individual match finished firing over the first four ranges to day. The five highest were: Lieutenant Austin, First Georgia, 179; Bontswain Hamilton, U. S. N., 178; Color Sergeant Hensman, Pennsylvania, 177; Captain Darlington, Washington, 176; Sergeant Hild, Iowa, 170.

SULTAN WARNED

France Threatens to Make Trouble for Ruler of Morocco

Pris, Aug. 24.—At the conclusion of a special session of the ministers to day Premier Rouvier sent instructions to the French minister at Fez, Morocco, to demand the immediate release of the Franco-Algerian citizen now under arrest there, informing him military demonstration would be made in case the demand is not complied with. The foreign office is confident the sultan will yield before military operations begin.

MINNESOTA GOLFERS

Duluth, Minn., Aug. 24.—Harry G. Legg, of Minneapolis, won the Minnesota state golf championship from Lynn A. Johnson, also of Minneapolis, 4 up 2 to play this afternoon. The champion is a boy 18 years of age. Among other prize winners are: Spaulding trophy, Meadowbrook cup—Younans, Blair, Crangle, M. Tawney and Milan.

Best score Spaulding trophy—C. D. Thompson, Northland.

Best score in handicap competition—Alfred Hult, Northland.

REPLY TO OSLER

Council Bluffs, Iowa, Aug. 24.—The feature of the Missouri Valley Medical society meeting to day a reply by President Burnett, of Kansas City, to the Osler chloroform idea. Burnett declared the last half of man's life was the best and most fruitful part of it. He denounced sadism as the product of immature sentiment, which age and experience would cure. There are seventy-five physicians at the meeting from Missouri, Iowa, Kansas, Nebraska, South Dakota, Minnesota and Illinois.

FEVER IN MICHIGAN

Grand Rapids, Mich., Aug. 24.—A case of yellow fever has been discovered in Ottawa county, ten miles from here. The patient is Galfrey Linburg, a telephone lineman, who left New Orleans a week ago last Tuesday.

CHOLERA IN MANILA

Manila, Aug. 25.—An outbreak of cholera in Manila has been reported. Yesterday two soldiers died at Camp McKinley, which is quarantined. In the city several natives and one woman have died.

Cement For Pottery

Mix a small amount of plaster of paris with a little water and add an equal amount of white lead. Mix thoroughly together and apply to the edges of the cover. Bind the pieces together and let dry for two days or more.

Beware of Creosote

Creosote should never be put into a hollow tooth for toothache. It relieves pain, but inevitably destroys the substance of the tooth itself, which breaks away soon after, leaving only the stump.

Tomato For Ink Spots

For removing ink spots from white goods nothing is better than a sweet ripe tomato mashed down on the spot and laid in the sun for awhile, not staying long enough to dry up.

Tea Stains on China

A pinch of common soda rubbed on with the finger will remove all tea and other stains from cups, saucers and all china or earthen dishes.

FEVER REPORTS ENCOURAGING

DANGEROUS EPIDEMIC NO LONGER FEARED

Two New Cases of Yellow Fever and Seven Deaths Reported at New Orleans Yesterday—Other Cases:

New Orleans, Aug. 24.—Report of fever situation to day, m.:

New cases, 4.

Total cases, 1,900.

Deaths, 7.

With the fever here coming steadily under control and apprehension no longer felt of a dangerous epidemic, the federal authorities are anxious to put restrictions against free intercourse between New Orleans and infected communities in Louisiana and elsewhere. This will be decided at a meeting of the state board of health to morrow.

To day's report continued to be encouraging. The death list was somewhat larger than the day before, but it did not reach the maximum set early in the month. Some encouragement was found in the fact that only a small number of new fever cases were reported.

THE TAFT PARTY

Witness Parade of Natives at Tacloban

Tacloban, Aug. 24.—The transport Logan arrived here this morning with Secretary Taft and party on board. The distinguished visitors witnessed a great parade of citizens of Tacloban, who showed every sign of business prosperity. Governor Curry of Samar Island introduced a delegation of five hundred natives from that place, whose appearance constituted one of the most picturesque features of the festivities. The transport sails for Legaspi, Island of Luzon, to morrow.

SHOT FROM AMBUSH

Tracey City, Tenn., Aug. 24.—To day when the Consolidated Coal company attempted to open the mines after a shut down of over fourteen months, J. B. Rust, Dick Henley, John McGovern and another man were shot from ambush. Rust and Henley are dead and McGovern mortally wounded. The company had refused to recognize the members of the miners' union.

A Favorite Recipe for Tomato Salad

Take tomatoes fully ripe, but firm and smooth, wash them a moment, skin and set on ice to cool, slice, put them into a salad bowl, add a teaspoonful of chopped tarragon and a plain salad dressing.

The ice you place tomatoes on, especially after being skinned as called for in this recipe, should be absolutely pure. Tomatoes are a very absorbent fruit and easily tainted. Ice taken from ponds of stale water will keep them cold—but spoil their taste. Pure ice keeps them both cold and luscious.

We sell only ice we know to be absolutely pure. It is taken from a spring-fed lake—and spring water is always pure and healthful.

PICNIC WAS A SUCCESS

DAY DAWNED INAUSPICIOUS BUT OLD SOL SHOW-ED HIS SHINING FACE

Anti-Horse Thief Association Carried Out Program Despite Threatening Weather—Attendance Was Large—Burgoo Soup All Sold—Horse Show, Athletic Events and Balloon Ascention.

Jupiter Pluvius did his best to dampen the ardor of the Anti-Horse-thief Association, but nevertheless their annual picnic and burgoo was a grand success in every particular. The steady downpour of several hours in the early morning, and the lowering skies which threatened rain for the remainder of the morning doubtless kept hundreds away, but the holder ones were so numerous that the various committees had all the business they could handle, and were compelled to turn many away.

The crowds began to assemble before noon, and by two o'clock the grounds resembled an old time country fair, with that "largest cow in the world," advertised by the stentorian voice of the proprietor, "throw the balls," dinned into heedless ears, and the various cries of refreshment vendors, mingled with the sound of the megaphone in the hands of the announcer calling the events of the horse and mule show. The dulcet strains of the Woodson band, heard at intervals between events, added to the variety of sounds and gave the finishing touch to the general effect.

Of course, the centre of attraction was the burgoo. Seven hundred gallons in eleven kettles had been prepared by the master hand of Isaac Watson, and it was served in faultless style at the 315 feet of tables by an efficient corps of waiters under the charge of Charles Degen. Crackers, pickles and other accessories were served with the soup. Gravel Spring water was dispensed free of cost, and excellent sandwiches, straw coffee with Dunlap and Boston cream, and other eatables were also on sale.

The supply of soup was insufficient to fill the demand, and hundreds were turned away early in the evening. The last bowl was disposed of before six o'clock, and the crowds soon began to disperse, the grounds being practically deserted by nightfall.

Owing to the muddy condition of the track the races could not be held, but the other events were carried out as advertised, and were watched by interested crowds. The program did not commence until after noon, but was carried through with the greatest expedition.

The committees were as follows: Tables—Charles Degen, chairman; Charles Graff, T. P. Martin and G. H. Hall, cashiers; Sam Butler, Douglas Turley, Henry Chalmers, Edgar Boston, Walter Bedenfield, A. J. Boston, Charles Cully, A. A. Dyer, Walter Parkin, Frank Green, Stanley Baldwin, C. C. Self, Robert Hamilton, Clarence Beard, John Kershaw, Mayberry Walters, A. B. Groves, Ed Barrows, Ed Dyer, Timothy Dwyer, Archibald Hongland, Al Renaker, J. M. Green, Andy Bacon, James Smith, Samuel Bridgeman, Oliver Cully, Ernest Dewees, G. W. Allen; Jacob Straw, coffee maker; Dan Vieira, lumber hauler.

Soup—Isaac Watson, chairman; Frank Wigginst, John Petrie, Abe Reid, Henry Rees, Charles Watson, Dan May; Newton Flynn, engineer; Charles Cowdin, cashier; Dan Hurley, water hauler.

Stands—James Groves and Abe Reid.

HORSE SHOW.
The horse show proved a very popular attraction, and some excellent animals were shown. This department was under the supervision of John Cleary, William Groves and A. D. Arnold, and the judge in all classes was Polk Farrelly, of Carrollton. The prizes were won as follows:

Best mule team—First, Dan Moy; second, W. E. Reynolds.

Best draft suckling colt—First, T. B. Laurie; second, Sam Butler.

Best roadster suckling colt—First and second, J. W. Arnold.

Best pony—First, Charles Gibbs; second, J. G. German.

Best single horse, mare or gelding—First, Charles Glover; second, John Craig; third, J. W. Woods.

Best single turnout—First, Clarence Boston; second, William Hodgson; third, J. W. Woods.

Best single driver, mare or gelding—First, Clarence Boston; second, George Craig; third, William Hodgson.

ATHLETIC CONTESTS.

The athletic events were under the

charge of A. D. Arnold, Dan Moy, Jerry Cox and Charles Reid. The contests and winners were as follows:
Running high jump—Van Stice.
Running broad jump—Mr. Hardwick.
Standing high jump—Sam Boston.
Running high kick—Van Stice.
Standing high kick—T. M. Tomlinson.
Fat men's race, 100 pounds or over, 60 yards—W. E. Reynolds.

Free-for-all, 100 yards—Luther Tushnet.
Boys under 14—Davie Moore.
Girls under 14—Bertha Lucas.

Tug of war, A. H. T. A. against the world—Won by A. H. T. A.
Lean man's race—There were no entries in this race, and J. W. Cleary, W. B. Groves, James Martin and A. D. Arnold contested for the prize, which was won by Mr. Arnold.

BABY SHOW.
There were several entries in the baby show. Mrs. J. J. Clark was the judge and awarded first prize for boy under 15 months to the son of C. H. Patterson, and the first prize for girl under 15 months to Elizabeth Spencer.

BALLOON ASCENSION.
The balloon ascension came off on schedule time and was a success in every particular. The gas filled bag arose to a considerable height and drifted in a northerly direction some distance from the grounds, where the aeronaut successfully landed.

The general committee in charge of the picnic as a whole comprised Stansfield Baldwin, William Rowe, Charles Degen and James Self.

DYE FAMILIES

Held Annual Reunion in Ohio Descendants of James Dye Push Claims to His Large Estate.

The following item clipped from a Cincinnati paper is of interest to a number of residents in this city. John J. McElfatton is a cousin of G. W. Dye of this city and other Dye families here are interested in the outcome of litigation now pending:

"John J. McElfatton and wife of the upper portion of the county were in Newport Wednesday enroute to Pleasant Hill, Miami county, Ohio, to attend the reunion of the Andrew Dye association. The members of this latter, numbering about two hundred are heirs of James Dye, who left an estate of \$33,000,000, and the association was formed for the purpose of pushing the claims of various claimants. This will be the third annual meeting of the society. The property, which includes vast oil fields and other valuable estates, is located in Washington county, Pa. A number of the heirs reside in Campbell county."

LOST AN ARM

William Estaque, aged 21 years, employed as a brakeman by the Chicago, Peoria & St. Louis Railway company was run over by a train at Pekin Wednesday afternoon. His right arm and right leg were mangled and were amputated at the Pekin hospital where he was taken. The attending physicians believe he will recover.

Mr. Estaque was struck by the train and thrown between the wheels. Several cars passed over him. His leg was crushed at the knee, and the wheels passed over his right elbow. He was taken to Pekin where he received medical attention.

Samuel Estaque, his father, who is also employed by the C. P. & St. L., left to attend his bedside. The family formerly resided in this city and were well known here.

CARRIES HIS OWN GLASS.

"Give me a glass of orange phosphate," said the red-faced man.

Then he took a tall, thin glass from his coat pocket and passed it over to the clerk.

"What's that for?" asked the clerk.

"To put the phosphate in," said the man. "I can't drink out of your glasses. I sat in a place once where I could see you fellows dabble your spoons and glasses in that little pool under the counter. That was enough for me. Since then, when I go out for a soda or phosphate I take my own glass along. You needn't be afraid of it. It is regulation size. It won't hold a drop more than your own glasses. The only difference is it is clean. Hurry up, please."

The clerk seemed in doubt, but he mixed the phosphate. The fastidious man sipped it with appreciative smacks and glared contemptuously at the while upon the common herd who took their refreshments from drug store glasses.—New York Press.

ILLINOIS NEWS ITEMS

Canton Newspaper Property Attached—Strychnine Kills a Child—Pest of Fleas—Big Surprise Party—Other Notes.

ANSWERED AN "AD."
Mendota—A news dispatch from California, Mo., says that Thomas J. Simpson, of Clarkburg, Mo., sued in St. Louis by Miss Edith Strom, of Mendota, Ill., for \$20,000 for alleged breach of promise, advertised for a wife in the newspapers some time ago and that the correspondence between him and Miss Strom thus began. Simpson was invited by Miss Strom, it is said, to visit her at her home, which he did, and then they agreed to marry. When they met in St. Louis for the ceremony the prospective bride is said to have demanded \$5,000 cash, which Simpson refused. Later, at Clarkburg, Miss Strom is said to have modified her demand to a \$3,000 home. This not being provided, it is said, Miss Strom then returned to St. Louis.

WOMAN DEAD OF LOCKJAW.
Quincy—Mrs. Emma Rosenkoetter, aged 37 years, of Quincy, is dead of lockjaw, hastened by nervous prostration. The cause of the lockjaw is a mystery to members of the family.

THE PEST OF FLEAS.
Springfield—Fleas seemed to have taken to have taken possession of the basement of the state arsenal at Springfield, according to the story told by an employee of the gas company, who went there to read the meter. Upon his entrance to the basement the fleas swarmed all over him and it was necessary for him to make a hasty exit. The matter was reported to the board of health. Superintendent Sutton sent a man there armed with a quantity of disinfectants and fumigated the place.

POULTRY PLANT.
Alton—William Elliot Smith, the Alton millionaire glass manufacturer, is having foundations laid for six large buildings, the smallest of which will be 175 feet long and the largest 300 feet, to be used as part of the model poultry farm at his country home, Elm Ridge. The foundations of the buildings will be concrete. The owner of the proposed plant has inspected many of the large chicken farms in the country and will adopt all modern conveniences known to the business. His purpose is merely to demonstrate that chicken raising can be made successful.

NEARLY TWO THOUSAND AT PARTY.
Pana—A notable surprise was planned and carried out by citizens for Daniel Murray at his home southwest of Pana. Residents from a radius of thirty miles participated. They gathered together at Rosemond, together with the Red Men band of Pana, and marched 1,000 strong to the Murray home. They were joined by a crowd of at least 700 from the other direction. The people took along many wagons loaded with things to eat and camped in the grove near the house. Speeches were made by ministers from the surrounding towns, interspersed with music from the band and glee clubs. He received a handsome writing desk, two rocking chairs and numerous other presents. The commission merchants of Indianapolis sent him a handsome gold-headed cane. Mr. Murray is one of the largest of stock raisers, buyers and shippers in Illinois. He has set many neighboring farmers up in business by the loan of stock, feed and money.

GAME WARDEN.
Springfield—Cyrus Morrow, late independent Republican candidate for mayor of Springfield, has been appointed to a position in the state game warden's office at a salary of \$1,800 a year. Mr. Morrow will take the place vacated by Mr. Reardon.

WILL MAKE QUIET HUSBAND.
Lincoln—Rev. S. S. Lippin, of Atlanta, appeared at the county clerk's office in Lincoln and applied for a marriage license, not for himself, but for Christian Koenig, of LaSalle, Ill. The new marriage law provides that one of the contracting parties shall apply for the license in person, but as the prospective groom is both deaf and dumb, the official could not carry on a conversation with him and make the proper affidavit. The letter of the law was stretched a little and the preacher signed the papers in the presence of Mr. Koenig, who will wed Miss Rosalie Shields, of Atlanta, this county, who is a mute also.

HEAD OFFICE ABOLISHED.
Carlinville—After Sept. 1, this year, the head office of the C. & St. L., a branch running from Litchfield to Eldred, and controlled by the Chicago & Alton, will be abolished and the depot closed at Carlinville. The trains will all run up to the C. & A. depot and all business of the road will be conducted from that office. Auditor Carter, who has had charge of the business of the road, and Agent Moore say they don't know what they will do, but suppose they will be taken care of by the C. & A.

STRYCHNINE KILLS CHILD.
Lincoln—Strychnine poisoning caused the death of Amelia, the infant daughter of John Hanks, a coal miner living in North Lincoln. The child in its play got hold of a box of strychnine tablets and ate the contents. The medicine had been purchased by a boarder that lives at the Hanks home.

TRoubles of CANTON NEWSPAPER.
Canton—All the property of the Canton Leader has been attached on claims of labor and rent and the property will be disposed of at public sale within ten days.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder. Sold by J. A. Obermeyer, City Drug Store.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Herpicide is one of the most agreeable hair-dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Government Whitewash.

The following recipe for white-washing, sent out by the lighthouse board of the treasury department, has been found by experience to answer on wood, brick and stone nearly as well as oil paint, and is much cheaper: Slack half a bushel of unslacked lime with boiling water, keeping it covered during the process. Strain it and add a peck of salt dissolved in warm water, three pounds of ground rice put into boiling water and boiled to a thin paste; half a pound of Spanish whiting and a pound of clear glue dissolved in warm water. Mix these well together and let the mixture stand for several days. Keep the wash thus prepared in a kettle or portable furnace, and when used put it on as hot as possible with painters' or white-wash brushes.

A Plate Glass Machine.
By means of a French engineer's invention the manufacture of sheets of glass by machinery, ready for use within half an hour of the incandescent state of the material, is rendered possible. The Fourcault machine can turn out continuously sheets of glass thirty-nine and a half inches wide, of any desired length and of a uniform thickness, varying from one-sixteenth of an inch to five-sixteenths of an inch. This glass can be obtained as rough glass for making extra thin glass, as horticultural glass and window glass.—London Globe.

Americanized.

When in New York F. Marion Crawford has his barbering done and his boots blacked at his office. He always has the same men, and both are Italians. In engaging the bootblack Mr. Crawford asked him where he was born. "In Genoa," was the answer. "And what is your name?" "Patrick Murphy," was the astonishing reply. "Where in the world did you get that name?" asked the novelist. "I take a name after I come here, so people think-a I the American," said the bootblack.

Passing of the Paris Black Cat.
Soon the Chat Noir will disappear from the memories of Paris; at least, in its old associations. As a hotel it has ceased to exist. Many managers have tried to make it pay without depriving it entirely of its traditions, but since Salis nobody has been able to hit the public fancy in such measure as to command success. The place is now being entirely transformed and will next appear to the public as an old curiosity shop.—London Globe.

Morgan's Costly Books.
Few book collectors and those interested in books realize how large a percentage of the most costly books in the world are owned by J. Pierpont Morgan. In a list recently printed of 100 books which have brought from \$2,500 to \$25,000 at auction since 1813 Mr. Morgan is credited with the ownership of sixteen, or one-sixth of the highest priced books of the last 100 years.

NOTICE OF FINAL SETTLEMENT.
In the Matter of the Estate of Gladys R. Seeger, Deceased.
Notice is hereby given that I, the undersigned, administrator of the estate of Gladys R. Seeger, deceased, have caused my final report and account as such administrator to be placed on file in the office of the clerk of the county court of Morgan county and that I shall apply to said court on Monday, the 4th day of September, A. D. 1905, at 9 o'clock a. m. to that day, or as soon thereafter as I can be heard, for an order of approval of said report and account and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

REMEMBER IT PLEASE.

We are now listing a great many
 farms in Pike county and have some
 fine propositions for our customers.

Why pay \$200 per acre for land
 when you can get a better propo-
 sition for \$50 to \$75 in good old Pike
 county which will pay you twice as
 much on the money invested?

If you are renting, don't do it any
 longer, but buy a good farm with fine
 improvements at a very low price.

The more money some men have
 the worse they hate to pay their
 bills.

The world would be filled with suc-
 cessful men if the things that can
 be easily done did not bring such
 poor pay.

One of the New York magistrates
 declares that more than 7,700 women
 were abandoned by their husbands in
 New York during the year.

Condemned battleships rarely bring
 more than five per cent of their origi-
 nal cost when broken up. In many
 instances not even this is saved, some
 ships being sacrificed for as little as
 three per cent of their valuation.

David Francis of St. Louis is men-
 tioned as an aspirant for the demo-
 cratic presidential nomination in
 1908. Mr. Francis, however, is said
 to condition his becoming a candi-
 date upon Bryan being out of the
 way.

Senator Hopkins denies that any
 exorbitant attorney fee was paid
 to himself or his firm for services in
 behalf of the sanitary canal. He in-
 sists that the fee was reasonable con-
 sidering the work done, and that his
 firm and not himself was the recipi-
 ent.

Up to the present no 1905 dollars
 have been coined by the mints, and
 the chances are that only a few may
 be struck. Their scarcity would, in
 a few years, boost the value of the
 coins to collectors, just as the rarity
 of 1804 dollars has made them worth
 from \$1,000 and upward to numisma-
 tists.

Buffalo Express: It would have
 done Ben Butler good if he could
 have lived to see the day when New
 Orleans would welcome federal con-
 trol of a yellow fever epidemic with
 such enthusiasm that the citizens
 themselves would raise by popular
 subscription the money to pay for it.
 Butler established federal control
 of sanitation as everything else in
 New Orleans during the war. He
 was roundly abused for it, but he
 proved the efficiency of cleanliness and
 strict quarantine in preventing yellow
 fever.

DECLINE IN DRINKING.

Statistics of London board of
 trade attribute the decrease in Eng-
 land's drink bills during the last five
 years to the hard times. But the
 United States has a still greater de-
 cline in drink bills to attribute to
 prosperity. For the first time in al-
 most a decade the annual report of
 the commissioner of internal revenue
 shows a decline in the amount of
 whisky consumed in this country.
 The figures now made public show
 that the consumption of distilled
 spirits other than those made from
 fruits in the fiscal year 1905 was 116-
 143,732 gallons. The decline from
 that of last year was 704,040 gallons.

A recent land deal in Oregon is
 well worth noting. The largest stock
 ranch in that state, and one of the
 largest ones in the United States,
 where 20,000 head of cattle and 1,000
 horses have been handled annually
 for years will now be converted into
 homes for 10,000 people, if the plan
 of the Co-operative Christian federa-
 tion are carried to success. This
 French-Glenn ranch in Harney coun-
 ty, comprising 104,000 acres has been
 sold for \$1,800,000. It appears that
 the Mormons were anxious to get
 this property, but the Co-operative
 Christian federation—whatever that
 may be outbid them. This immense
 ranch in eastern Oregon was develop-
 ed by Peter French and his partner
 who began in a small way as early
 as 1872. French was killed in one of
 the range wars with small stockmen
 and the death of Glenn followed a
 few years later from natural causes.
 Their heirs organized a California
 corporation that has since operated
 the property. This will be the first
 of the big ranches of the northwest
 to be cut up for homes for settlers.
 It is located about 4,000 feet above
 the level of the sea, and the climate
 is very similar to that of like alti-
 tudes in Colorado and Nevada, with
 a superabundance of sunshine. In
 winter there is some extreme cold,
 but usually not prolonged and with-
 out the severity of the blizzards
 which sweep the great plains. Rail-
 road connections are about 150 miles
 away from the ranch, and its new
 owners hope that a line will be car-
 ried to them. The property is sixty
 miles long by twenty-five miles wide,
 and already has more than 500 miles
 of fencing. The price offered for
 the land is \$10 an acre, with \$400,000
 for personal property, and this is
 called a low valuation.

RAILROAD NEWS NOTES

**Burlington Officials Here—Wa-
 bash Employees Stand by De-
 lano—Items of Interest and
 Personal Mention.**

A special train went north on the
 Burlington Thursday bearing the of-
 ficials of the road. They stopped at
 the local station for some time and
 were interviewed by Judge Kirby,
 attorney for the company. Among
 those who were aboard were Daniel
 Willard, second vice-president; J. M.
 Gruber, general manager; H. D. Jud-
 son, general superintendent; George
 H. Bremner, chief engineer of Illi-
 nois district; W. A. Holly, assistant
 general freight agent and L. W.
 Berry, division superintendent.

Decatur Review: The consensus
 of opinion of the rank and file of
 Wabash employees is that the open
 letter of President Ramsey of the
 Wabash to Vice President Delano
 was in bad taste, to put it mildly. It
 was unequalled for end unworthy of a
 man of Mr. Ramsey's position, is the
 substance of the criticism.

Commenting on the Delano man-
 agement one man said, "There has
 not been a move made by Mr. Delano
 in his management of the Wabash
 that has not been characterized by
 good, common, business sense. It
 is just what is needed on the Wabash
 and this will be fully demonstrated
 in a very short time. The million
 and a half of vouchers which had
 been permitted to accumulate in the
 treasurer's office are melting away
 like snow before a first-class train."

"The only act of the new manage-
 ment which the men object to is the
 adoption of a heavy tonnage for
 freight trains. They reason: that
 this is only an experiment and may
 not be adopted, but if it is it means
 long hours for the road and a very
 considerable reduction of the force."

A veteran passenger conductor
 commenting on Mr. Ramsey's argu-
 ment in favor of train collectors
 said: "The Wabash is getting better
 service and better collections now
 than it was under the collectors. You
 may say what you please about the
 conductors being put on to relieve the
 conductors of part of their work, but
 they have more than to look after
 the running of their trains, but
 it was always felt that their presence
 was a practical star upon their ben-
 efits and there was always a feeling
 of bitterness against the management
 of the road so long as they remain-
 ed."

Asked if there were not times when
 a conductor had more than he could
 attend to properly in collecting fares
 and running his train, the conductor
 said that on crowded excursion trains
 or on other crowded trains a con-
 ductor should have some assistance
 in collecting fares, but these occa-
 sions are comparatively few. On
 through trains especially the work of
 collecting fares is so light that the
 conductor has ample time to do it
 without interfering with his other
 work.

MILK ADULTERATION

**Warrants for Arrest of Five
 Springfield Milk Dealers—Use
 of Formaldehyde.**

Springfield, Aug. 24.—Warrants
 for the arrest of five milk dealers of
 Springfield have been sworn out by
 Health Inspector Sutton charging
 them with adulteration of their milk.
 The dairy companies involved
 are the Illinois Dairy com-
 pany, the Springfield Dairy company,
 A. B. Nokes' Dairy, Alexander Mul-
 ler's dairy and the Rosedale dairy.

The warrants were issued through
 evidence adduced by a special chemist
 employed by the health department
 of the city, Dr. A. B. Eustace of Chi-
 cago, chemical analyst of high stand-
 ing in the country. The samples
 were from seizures made on three dif-
 ferent occasions and in every case it
 was found that the milk had been
 treated with adulterations to keep it
 from spoiling, formaldehyde being
 the preservative employed.

Formaldehyde is a pungent gas.
 As used for preserving milk, it is re-
 duced to a liquid form by treat-
 ment with water, which, under cer-
 tain process, absorbs about thirty-five
 or forty per cent, of the formalde-
 hyde.

Formaldehyde if used in very small
 quantities, is not particularly danger-
 ous to adults, but even in small quan-
 tities may be very dangerous to in-
 fants whose tender stomachs are
 susceptible to the slightest irritation
 and disturbance. The great element
 of danger in the use of formaldehyde
 to preserve milk, is in the discom-
 fort, sickness or even mortality it
 may cause among infants of which
 milk is the principal nourishment.
 Few parents can afford or are in
 position to obtain what they know to
 be absolutely pure milk for their
 children. They have to trust to the
 honesty of the dealer. If that confi-
 dence and trust placed in the dealer
 is violated, the infant must suffer.

When the milk containing formal-
 dehyde is administered to an infant,
 the formalin acts as an irritant upon
 the mucous membranes of the
 stomach, and thus causes nausea. If
 administered in quantities sufficient-
 ly large, this irritation may become
 so aggravated as to superinduce
 either debilitating nausea or other
 serious illness which is often likely to
 weaken the system to attacks of
 other ailments and ultimately cause
 dangerous illness. Such a case of ill-
 ness is said to have been discovered

in Springfield and hence the expert
 tests were made.

Red Pepper Catchup.

Take one dozen red peppers, one
 quart of vinegar, two tablespoonfuls
 of grated horseradish and four
 sliced onions. Boil ten minutes,
 then strain. Add one teaspoonful of
 brown sugar, one ounce of celery
 seed, one ounce of mace and one
 pint of cider vinegar. Boil one
 hour and bottle.

Bacon Dipped In Eggs.

Beat eight eggs into a batter, a
 little cream and flour, fry some thin
 slices of bacon and dip them in it.
 Lay the bacon in a frying pan and
 pour the batter over them. When
 one side is fried turn and pour more
 batter over them. When both sides
 are of a good color lay them on a
 dish and serve hot.

DEATH RECORD

LOCKHEAD.

Word has been received in this city by friends of the death of Miss Grace Lockhead, which occurred Wednesday at the home of her parents in Flint, Mich. Miss Lockhead was a teacher at the school for the deaf in this city for over two years but was forced to give up her work at the local institution about eight years ago. Many friends in this city will be saddened by the news of her death.

Mr. Enslay Moore departed Thursday evening for Flint to attend the funeral.

MORGAN.

Mrs. F. R. Morgan passed away at Our Savior's hospital Thursday afternoon at 3:15 o'clock after an illness of brief duration. She had been seriously ill only a few months ago but had so far recovered as to be able to visit the home of her parents in Salem, Ill., and had returned from Salem last week. She was taken ill again Sunday and went to the hospital Tuesday morning. Her death will be felt as a personal loss by a wide circle of friends as she was a woman beloved and admired for her strength of character and womanly graces.

Sarah Betts was born Jan. 20, 1877, and was the daughter of Isaac and Rebecca Betts of Salem, Ill. She was a graduate of the Salem high school and her girlhood life was spent in her native village. She was married at the home of her parents April 8, 1890, to Fred R. Morgan and since 1897 this city has been her home. Mrs. Morgan was an active member of the Congregational church and her interest in the auxiliary societies was ever keen. In addition to her husband and two children, Thelma Ellen and Sarah Amanda, she is survived by her parents and three brothers, William H. Betts, of Salem; John J. Betts and George C. Betts both of Vernon.

Funeral announcement will be made later.

FUNERALS

ROBINSON.

The funeral of Miss Nellie Robinson was held Thursday afternoon at 1:30 o'clock at the residence of her aunt, Mrs. Katie Robinson, 502 South Church street. The services were in charge of Rev. E. M. Harless and the interment took place in Jacksonville cemetery. The bearers were Fred Samuels, George Carr, Jesse Lane, Henry Brown, Charles Tinsley and Walter Patterson. The flowers were cared for by Miss Ella Flynn, Mrs. Johnson, Mrs. Sam Bolden, Mrs. Gordon and Mrs. Dean.

NEW TEACHER OF ELOCUTION

Mrs. Theodora Dean of Chicago Will Succeed Miss Katherine Cole at the Woman's College.

Miss Katherine D. Cole, for many years director of the School of Elocution at the Woman's college, has resigned her position to become a state secretary of the Young Woman's Christian association. Miss Cole has been very successful in building up the school, and her leaving is greatly regretted, both by the students and the college management. Her special talent and training, together with her sincere devotion to Christian work, will make her very successful in her new field.

The college has been very fortunate in her successor, Mrs. Theodora C. B. Dean, of Chicago. Mrs. Dean has been a very successful teacher for nine years in Chicago and Elgin. She is a graduate of the Columbia School of Oratory, and has also taken several terms of special work in the Chicago University under Dr. Moulton. She is a woman of pleasing personality, has had the advantage of foreign travel and of very thorough preparation for the work.

Dr. Moulton, who is well known to Jacksonville people, says of Mrs. Dean's work is of very high quality, and she possesses more literary scholarship than is usual with teachers of elocution.

The principal of the Elgin Academy says: "Her pupils have done extraordinarily well in declamatory contests at the University of Chicago."

Miss Blood, principal of the Columbia School of Oratory, says: "Mrs. Dean is a cultured woman of great natural refinement and charming personality. She has a fine appreciation of literature and strong dramatic ability. She holds the dramatic rest of her audiences from beginning to end, delights them with her humorous selections, and charms them by the beauty and refinement of her readings."

Mrs. Dean has read much before woman's clubs and has been in demand as a reader in social circles. She will be a valuable acquisition, not only to the faculty of the Woman's College, but also to all the literary interests of the city.

SEVERE STORM

Elements Did Considerable Damage Thursday Morning—Lightning Damage Reported—Residence Struck and Cattle Killed.

The storm early Thursday morning was very severe in several parts of the county, and much damage was done to growing crops. The corn which was blown over Sunday was literally laid flat on the ground in many localities. The electrical phenomena were especially acute, and lightning damage was reported from several places.

Lewis Baughman, residing south east of the city, was among the sufferers. His two story residence was struck by lightning during the storm and slightly damaged. The portion struck was a bed room on the second floor, occupied by Herbert Baughman. No one was injured but the contents of the room were set on fire.

On the day of the last A. H. T. A. picnic Mr. Baughman lost a barn and a residence by fire, so that the family naturally feels there is some strange fatality for them in the annual celebration.

Timothy Murphy, residing on a farm three miles north-west of Murfreesville, had two steers killed by lightning during the same storm. He has been especially unfortunate recently, as his barn was burned in a mysterious manner a week ago last Sunday, and on Wednesday of this week he lost a valuable cow by clover colic.

Growing Popularity of Letter P.

The latest volume of Murray's
New English Dictionary indicates
that while the letter "P" was the
letter least frequently used as an
initial in the oldest English dictionary
it is now used as an initial more
often than any other letter except
"C". No fewer than 4,931 words
now begin with "P," and of these
only three are old English words.—

PEOPLE OF THE DAY

The Attorney General.

William Henry Moody, who as attor-
ney general of the United States is
brought prominently to the front by
his prospective prosecution of those im-
plicated in the scandals of the agricul-
tural department, is a native of Mas-
sachusetts, where he was born two
days before Christmas, fifty-two years
ago. Mr. Moody has been more or less
prominent in the public eye for ten
years past, for it was in 1895 that he
began his congressional career.
Mr. Moody's first notable act in con-
gress was in opposing his party in an
election contest case, and this he did
with such ability that he was a marked
man from that time forward. He ad-
vanced with such strides in the house
that he was talked of for the speaker-
ship when, in 1902, he was made sec-
retary of the navy, to succeed John D.
Long. Two years later he was changed to
his present portfolio.

The attorney general bears a marked
resemblance to President Roosevelt.

WILLIAM HENRY MOODY.

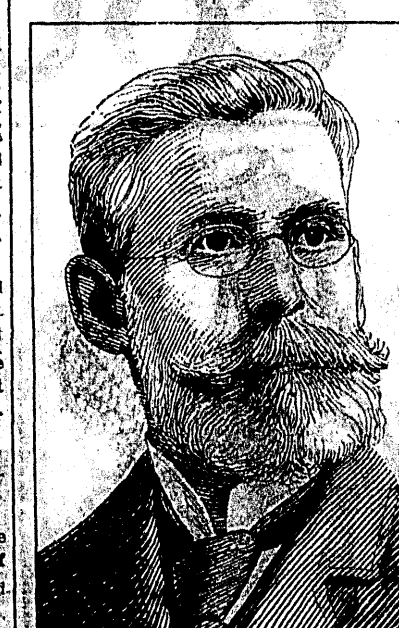

and, like him, is a Harvard man and
fond of outdoor life. The two men
have been bosom friends for many
years. Mr. Moody resembles his chief
in at least one other respect. He is an
indefatigable worker. He has the law-
yer habit of mastering every question
that comes before him and of fighting
hard once he is sure of his ground. In
his hands the prosecution of unfaithful
officials will prove no perfunctory af-
fair.

The head of the department of Jus-
tice is a good speaker, with a pleasant
and musical voice, but without he has
a certain fiery quality, as is indicated
by his red hair. He is a bachelor, and,
though affable, popular and a "thor-
oughbred," is not much given to so-
ciety as such. He takes a fifteen mile
walk at least once each week and rides
well, going over a stone fence without
moving from his saddle. His first
notable law case was the famous Liz-
zle Borden murder trial.

Famous Yellow Fever Expert.

Dr. John Gutierrez, who has taken
part in every fight against yellow fever
since 1881, was born in Matanzas,
Cuba, in 1852. At seventeen he came
to the United States and took the med-
ical course at the University of Penn-
sylvania, from which he graduated in
1873. Returning to Havana as a mem-
ber of a commission to study yellow
fever, he entered the United States
marine hospital service in 1880, served
during the yellow fever epidemic at
Key West a year later, went to Mexi-
co to study the disease in 1883, and
as an expert on yellow fever is the
peer of any man now living. In view
of the epidemic now raging in Louisi-
ana, this makes him of especial im-
portance in the present crisis.

In 1887 and 1888 Dr. Gutierrez was
professor of the practice of medicine
in a college at Charleston, S. C. He
was also professor of pathology in the
University of Pennsylvania for a num-
ber of years. Having been a promi-
nent advocate of the liberation of
Cuba, he returned to the land of his

birth when the war came and served
on the staff of General Sherman as yel-
low fever expert in the Santiago cam-
paign.

If the frightful plague that ravages
the southern climes is ever overcome,
it will be by the skillful and unselfish
work of such men as Dr. Gutierrez.
Born a Cuban, he has made himself
one of the leading physicians on the
American continent. Devoted to a
profession, he yet found sufficient time
to help free his native land. With
perfect fearlessness he has risked life
to save others. He has lived to see
the dream of Cuba libre become true
and to feel that he himself is an hon-
ored representative of science in two
republics.

The Club and The Sisterhood

(Original.)

"Young ladies," said the head of the
sisterhood, an organization within the
Episcopal church, "we are at our wits'
end. Our quarters are altogether too
small. We have no funds for building,
and there is no suitable house to be
had."

"I move," said Sister Florence Linn,
"that a committee of three be appoint-
ed with power to secure quarters by
some ordinary woman's method."

"What do you mean?" asked the
president, "by ordinary woman's meth-
od?"

"By hook or by crook."

The explanation being deemed satis-
factory and to all present perfectly in-
cluded, the motion was put and carried.
The president appointed Sister Flo-
rence Linn, chairman, and Sisters Sara
Pritchard and Genevieve Seronde. Miss
Linn was a tall brunette, with a su-
perb figure and snapping black eyes.
Miss Pritchard was fair, with brown
eyes and Titian hair. Miss Seronde
was a languishing blue-eyed blonde.
The meeting adjourned, and the com-
mittee remained for consultation.

"I have a proposition to make," said
the chairman. "You know the octagon
house up on the hill? Well, it is just
what we want."

"We are too late for that property,"
interrupted Miss Pritchard. "It has
been taken for a man's club."

"On the contrary, the club is too late.
I had some talk with the owner about
leasing his building to us."

"How long ago?"

"I think it was a year ago this sum-
mer. They say a verbal lease is as
good as a written one."

"Did you agree to take the house?"

"I am quite sure I said something
about taking it."

"Bravo!" exclaimed the other mem-
bers of the committee clapping their
hands. "We'll claim it by law."

"And nine points of the law are pos-
session," said the president trium-
phantly.

"Very well," said Miss Seronde in
her soft voice, "let's go to the octagon
house and—"

"Settle," supplied Miss Pritchard.

At 2 o'clock in the afternoon the
house committee of the Calumet club,
consisting of Messrs. Bob Curtis, Jack
Brewster and Howard Meritt, were in
the new clubhouse consulting how they
should appropriate the room when in
walked the three young ladies. On
seeing the men stalking about with
their hats on Misses Pritchard and
Seronde shrank back, each with a faint
shriek. Miss Linn advanced imperi-
ously.

"The men's hats came off one by one.
"May I ask," said Miss Linn, "what
you are doing here?"

"We are preparing the building for
the occupancy of the Calumet club."

"Then you are having your plans for
nothing. This building is leased to
our sisterhood."

The men looked at each other and
smiled as if greatly amused. They
knew they had a lease duly signed,
sealed and witnessed. The girls said
no more, but sweeping by the intruders
as though worthy of no consideration
they passed to the rear of the build-
ing. The men could hear them con-
sulting as to how they would arrange
matters as they had just been doing
themselves. At last the girls re-
appeared in the hall, and as they did

Opera House Season. Opened With "Florodora"--Company Made a Hit--Production Has Sartorial Splendor, Adequate Scenery and Good Cast.

It was good. Better than the company that showed here last year. An audience of good proportions on a hot, steamy, sultry night applauded vigorously, and in spite of the fact that it was a rainy evening the opera house management felt well pleased with the formal opening of the Grand for the season of 1934-5. It was a flattering reception for any company to receive, although the merit of the cast and ensemble of the production was highly deserving of favor under any condition. "Florodora," made famous by the double sextet, was the opening attraction for the theatre season in Jacksonville. This light opera has proved the dramatic vehicle for talent galore and it seems to have lost none of its popularity. As long as the piece is as superbly staged and its interpretation is left to as competent hands as played it last night, the success of "Florodora" will be perennial. The sartorial splendor was in excellent taste, showy but not gaudy, and many of the gowns worn were handsome creations of the dressmakers' art. The scenery was sufficient to give the play a fine setting and added to those essentials was an attractive presentation by a competent cast.

The chorus sang well and the solo voices were good and their enunciation was excellent. The piece was not lacking in movement and the generosity of the cast in responding to encores pleased.

Gilfain and chorus in the phrenology stunt got a good hand and the work of the first act was well received throughout.

The "Tact" song by the leading lady, Rose Stillman, delighted and three encores were demanded. Of course, the double sextet, "Tell Me, Pretty Maiden," won hearty favor, and here again was evidenced the satisfaction of the audience. Elma Gilbert as "Dolores" and Ralph Riggs as "Tweedledee" made a hit in their dual act with chorus, and when the curtain was rung down on the finale it was the verdict of all that the old though ever new "Florodora" was an affair.

The success of "Florodora" presages a prosperous season at the Grand.

The company that presented "Florodora" here last evening is just seven days out of New York, and after an engagement in Kansas City will return to the east for an engagement at Toronto, Canada.

CHICKEN AND FISH FRY.

The all day chicken and fish fry given by the M. P. church at Chapin Thursday was a grand success in every particular. There was a good crowd present all day. The proceeds were larger than expected and the success of the enterprise reflected great credit upon the committees in charge.

TRIBE OF BEN HUR.

Mrs. Sallie Stringham was pleasantly surprised at her home on West Morgan street Thursday evening by about twenty friends who are members of the Tribe of Ben Hur No. 215. The evening was most pleasantly spent with games and delicious refreshments were served.

Prof. Harvey Bryant, of Philadelphia, Pa., has returned to his home after spending a pleasant visit in the city at the home of A. D. Adams on South Main street. Mr. Bryant was formerly a teacher in the Jacksonville Business college, but is now connected with the Pierce Business college in Philadelphia.

A GREAT COUCH SHOW

The showing is best told in the pricing. We offer this week a 30 inch full length, roll edge "Karpen," steel construction couch, the best in the world; a \$15 article, in bright colors; the best couch value ever offered.

For \$10.98

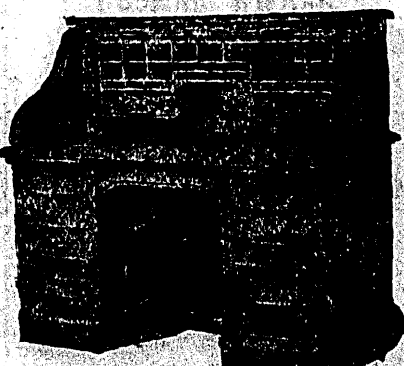

We are wondering whether we had better remind you of this couch department of ours. As we walk through it and see our splendid showing, and then remember that our prices are more than fair, it does seem as though couch wanters would like to hear about it.

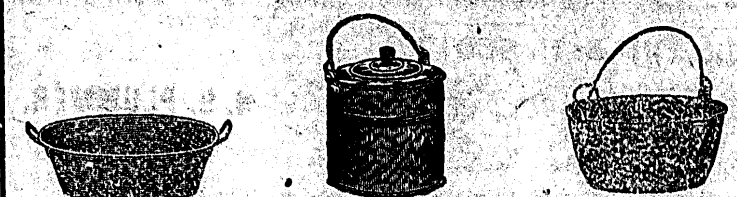

Office Desks

Our line of office desks and supplies, filing cabinets, etc., is most complete. We can please you both in style and finish.

Macey Sectional Bookcases

We again call attention to the line of "Royal" Granite ware that we have recently added. The past week's sales have made us very enthusiastic and you get the best in the world when you get the "Royal."
